LED LITEPANELS AND RING LITE

LITEPANEL MINI

The compact Litepanels Mini fits easily on a camera, a stand, or elsewhere. Fully flicker-free, this unit offers output that is 3 times more efficient than a conventional tungsten camera light! Plus it's heat-free, and infinitely dimmable from 0 to 100%, with virtually no shift in color. Litepanels Mini comes in single or dual kits, packaged with virtually everything you will need. Litepanels Mini is available in 3200°K & 5600°K Spot or Flood version. The Mini Flood provides a 50 degree spread. The new Spot yields a 20 degree footprint.

These units make ideal units to use in cars, they are 12Volts and can run off the cigarette adaptor.

Following Units Are Available in
5500 50 Degree
5500 20 degree
3200 50 Degree
Infared 50 degree

WOODEN NICKEL LIGHTING & CAMERA

818-761-9662 Call with any questions

Introduces the Revolutionary PREMIER PD-1 Portable Camera Dolly

THIS DOLLY HAS A BOOM ARM WEIGHT LIMIT OF 75 POUNDS. ANY DIGITAL VIDEO, HIGH DEF, BETACAM, 16MM CAMERA, 35MM CAMERA THAT MOUNTS ON A 100MM BALL HEAD (75MM HEAD WITH ADAPTOR) WILL WORK. THIS DOLLY IS NOT DESIGNED FOR LARGER 35MM CAMERAS OR VIDEO CAMERAS THAT MOUNT ON A MITCHELL OR 150MM BALL HEAD.

THIS DOLLY IS IDEAL FOR THE SMALL FORMAT DIGITAL VIDEO CAMERAS ON THE MARKET. THE DOLLY WILL FOLD SMALL ENOUGH TO FIT IN THE TRUNK OF A CAR.

The **PREMIER PD-1** brings a revolutionary new concept to camera dollies. There's no hydraulic system, no electrical system, no pumping required and no counterweights to lug around, and it still gives smooth up and down camera movement. Since we've eliminated all those complex systems, we've also eliminated all the maintenance that goes along with them. This dolly will work on straight and curved track.

In addition to the simplicity of the boom system, we've made the **PREMIER PD-1** fold up into a very compact size so it can easily be put into almost any type of vehicle, making this the perfect choice for students and small productions.

THE FOLLOWING PRICES ARE FOR A ONE DAY RENTAL.

WE RENT WEEKLY AT 2 DAYS PER WEEK.

RENT ON A WEEKEND FOR A ONE DAY RENTAL (Pick up Friday and return on Monday, that is one day)

THIS DOLLY IS PRICED FOR THE LOW BUDGET AND STUDENT MARKET,

SORRY TO SAY THERE IS NO FURTHER STUDENT OR LOW BUDGET DISCOUNT

JIB ARMS - LOW COST PRODUCTION VALUE

LOSMANDY JIB ARMS

Sticks Not Included

The Standard Porta-Jib is for either heavier cameras or for those needing more reach. It's normal configuration provides a 6 foot boom range, and can be made longer with either our [36" Extension Kit](#). These extensions can be ideal for the new lightweight remote heads, such as the [MC100 by Varizoom](#). Without the extensions, the Standard Jib can be configured with either a 100mm, 150mm or Mitchell front to accommodate all the professional fluid heads on the market..

Sticks, Head, Camera Not Included, Scissor Arm Is Included

The Traveller in its folded up position for transport The Traveller is ideal for 16mm film or video cameras that do not exceed 40 lbs (18kg.) when combined with a 100mm fluid head. The Traveller's remarkable storage size, 31 inches at 29 lbs., makes it the perfect companion tool for the cameraman on the move. Amazingly compact and lightweight, yet it unfolds to provide a sweeping 6 foot boom for dramatic camera motion. It sets up in 5 minutes or less, and can be supported on the 100mm tripod that the cameraman owns with his head.

LED LITEPANELS AND RING LITE

LITEPANEL MINI

The compact Litepanels Mini fits easily on a camera, a stand, or elsewhere. Fully flicker-free, this unit offers output that is 3 times more efficient than a conventional tungsten camera light! Plus it's heat-free, and infinitely dimmable from 0 to 100%, with virtually no shift in color. Litepanels Mini comes in single or dual kits, packaged with virtually everything you will need. Litepanels Mini is available in 3200°K & 5600°K Spot or Flood version. The Mini Flood provides a 50 degree spread. The new Spot yields a 20 degree footprint.

These units make ideal units to use in cars, they are 12Volts and can run off the cigarette adaptor.

Following Units Are Available in
5500 50 Degree
5500 20 degree
3200 50 degree
Infared 50 degree

ADJUSTABLE SPEED RINGS,

With Chimera's Adjustable Speed Rings, you can quickly and securely build any standard Circular Speed Ring size from 5 to 31 inches (12 to 788 cm). Adjustments can be performed with gloved hands, while the ring is hot if necessary, by backing off the large knurled knobs and positioning the "sliders" on the appropriate registration pins.
